

## FS Newsletter

Week commencing 8<sup>th</sup> March 2021

### FS1

Hi everyone! Mrs See and myself are thrilled to be back in school and we're really looking forward to seeing all of the children again (and having a break from home schooling!!). A huge thank you of course to everyone who has worked in FS1 whilst we have been at home. A big thank you too to all of the fantastic parents who supported their children at home. It was fantastic to keep up with their learning and progress on Tapestry.

### Phonics

In Phonics this week we are continuing to think about rhyming words. We will be making 'rhyming soup' and singing lots of rhyming songs.

### Maths

In maths we will look at the number 9 on Ten Town. We will also revise all of the numbers we have learnt so far and will match them to quantities. Later in the week we will think about our morning routine. We will order some pictures showing us getting ready for school.

### Topic

Our topic work this week will be about sunflowers. We will plant some sunflower seeds and we will look at a famous painting by Van Gogh and have a go at painting it ourselves. We will also be thinking about Mother's Day.

### RSE

In RSE this week we will think about healthy foods. We will have a go at packing a healthy packed lunch and will decide which things should go in our packed lunch box.

### FS2

Welcome back everyone! We have missed you all so much. First of all we just want to say a huge thank you to all the fabulous adults at home who have helped to support their children with the home learning. You all did a fantastic job!

Here are the plans for this week.

### **Phonics**

We will be recapping all the digraphs and trigraphs in phase 3!

### **Maths**

This week, the children will be looking at the number 12. We will be looking at how to make the number twelve and all the other facts about it (one more is, one less is, is it odd or even?) We will also be looking at counting in 2s. At home, it would be great if the children could practise this by chanting!

### **Topic**

This week in topic, we're going to have a look at spring and all the different things that we will see during this season!

### **RSE**

In RSE this week, we will be looking at healthy food. We will be talking about what foods are good for our health and what foods we need to eat in moderation.

Just a note, we will start forest school the week commencing 15<sup>th</sup> March 2021 on these days:

FS2R - Monday

FS2B - Wednesday

FS2S - Friday

Have a lovely week everyone - we're so happy we're all back to school!

FS Team
