

FS Newsletter

Week commencing 3rd October 2022

FS1

The children have worked incredibly hard on their listening skills this week. They have been super stars during our carpet times. They have also learnt our 'days of the week' song this week and we add the correct day to our calendar. At the beginning of the week, the children loved the dinosaur workshop and were fantastic palaeontologists.

Phonics

Next week we will sing the alphabet song and we will play games of 'I spy'. Each time the children identify what an object starts with, we will look at that letter on our alphabet strip. At home you could play this game too - remember to focus on the sound of the letter rather than the name (c for cow rather than c pronounced see)

Topic

We will read the Rainbow Fish this week and we will think about some rules that we need to follow in FS1 and how we must be kind to our friends all of the time.

Maths

In maths we will fish for numbers and match numbers to quantities. We will also sing some number songs such as '1,2,3,4,5 once I caught a fish alive' and '5 Little Speckled Frogs'.

FS2

The children really enjoyed the dinosaur workshop on Monday. They enjoyed being palaeontologists looking for bones and fossils. They also thoroughly enjoyed meeting the dinosaurs.

Phonics

Next week we will be teaching the new sounds d, g, o and c. We will be sending home the sounds we have learnt so far. You can cut them out, stick them on card if you wish and practise recognising the sounds and making words with them.

Topic and English

We will be continuing to learn about dinosaurs and will be learning some facts about dinosaurs.

Maths

Next week we will start to look at repeating patterns.

Events:

Space Day Dinner - Thursday 6th October.

Thank you for your support.
