Re: City of York Safeguarding Children Partnership - Internet Safety Campaign

Dear parents and carers,

We would like to inform you that the children in UKS2 (Years 5 and 6) will be attending a City of York Safeguarding Children Partnership presentation at St Peter's School on Wednesday 22nd March.

Many of us appreciate that the internet plays an ever-increasing and influential role in our young people's lives. We are therefore pleased to be able to take up the invite to attend what we feel will be a valuable and important online safety campaign presentation, brought together by City of York Safeguarding Children Partnership in their work alongside the NSPCC, police and other agencies.

On the day, children should arrive in school in their uniform, ensuring that they have a warm coat and sensible, comfortable shoes with them for the walk to St Peter's (not trainers). After an early lunch, we will make our way to the venue for a 12.15pm start. Children will return to school in time for normal end of day dismissal.

Permission for your child to attend is presumed - however, if you have any questions or concerns regarding the excursion, please contact your child's class teacher in the first instance.

Thanks for your ongoing support.

Kind regards

Gary Fort
Assistant Head / UKS2 Phase Leader
