

25th May 2023

Dear Parents/Carers,

We will be closing the school library the week after the half term holidays for stock taking and re-organisation. With this in mind, children will not be able to take books out of the library to read for pleasure after this time. We would appreciate it if you could provide your child with books from home, that you already have or ones chosen from the community library.

It is still very important that the children read for pleasure to support their independent reading, fluency and comprehension skills.

Could we also ask that you make sure that your children have returned their library books during that first week back after the half term holidays. Please hand them into your child's class teacher.

Thank you for your continued support

Lorna Brown
Y3 Teacher & Reading Co-ordinator.
